talents and service

It all started when I was about 6 or 7 years old. I was living in Sydney and going to a function that was on once a month. One morning, I went to the piano and played a song I had heard at the function the night before. I went into the next room which my mother was in and said "That was one of the songs from last night." This is what prompted my parents to get me piano lessons and this is what led me to where I am today.

At my church, Community of Christ, I share the role of organist with another lady. I have also played the organ at several Community of Christ events/services and I am well known in Community of Christ for my organ playing. Music is my special way of giving back to the church and I really enjoy sharing my gift with others. Music also makes me feel more spiritually connected with God and makes my relationship with God stronger through the beautiful melodies and beautiful words of all the hymns in the CCS hymn book.

Cameron Waugh, Wingham
